Pitchfork (Private & Confidential) – History (4)

All,

Nothing substantive having been achieved between the 16/12/08 meeting and end Jan – a meeting was arranged with BSC on 9th Feb. There was to be a meeting between myself, Steven and BSC reps and a separate meeting between David Mackay and Dr Keysberg – in the end Dr K was detained elsewhere in world and did not come to Edinburgh.

Steven sent out the attached slides on 6th Feb to BSC as prep for the 9th Feb meeting. Walker replied on 8th as attached.

Michael / Richard

Please find attached a series of slides detailing the key issues from the meetings held in mid December and our collective progress since then to address the issues.

Whilst we have our differences over the reasons for some of these issues, I would like to agree this as a common set of facts. I am happy to discuss at any time over the next couple of days if you have any specific comments.
