Dave, thanks, I will be providing a briefing note for Donald to be sent to his home this weekend, I'm also meeting him prior to Monday's IPG.

Regards

Thanks Alan You will by now have seen my response to Gordon which reinforces this position. Gordon has now sent me his proposed track changes. I'll forward these to you so that you can consider whether or not we should accept them. This is a report prepared by Council Officers to the Council and ultimately it will be our judgement on what to report. The precise balance of what we say will need to be finalised at Monday's IPG so it will be important for Donald quickly to be brought up to speed on his return from holiday. Dave

Dave

While being mindful of the political issues here we have to be mindful that tie's best case scenario indicates 560 there are clearly further risks beyond this number it would seem to me that we cannot loosen our resolve to get to the bottom of these issues.

Regards Alan
