Nick

Conscious that we said we would speak on this subject and yesterday's leak to the Scotsman about the Tle-BSC
DRP result has highlighted in my mind that we should complete exchange of views on this subject so that I
understand what CEC has in place regarding its internal documentation relating to the DRPs in particular.

When would you be free next week -is Tuesday morning a possibility? Can offer coffee and a roll if we made it early?
Let me know

kind regards
