Andy,

Please find attached the finalised text of the DRP report for appending to your report for the next IPG meeting.

Text for IPG report itself as follows:-

DLA Piper have provided certain initial information relating to the DRP matters. A note on DRP issues is attached as an appendix to this report. Further information is awaited from tie in the context of the strategic options.

In short, there are a number of disputed issues and there appears to be a significant difference of interpretation in relation to certain terms of the contract. Realistically these points of principle will need to be agreed via the adjudication process, which may take several months. Once the broad principles have finally been established, this should allow, hopefully relatively quickly, the specific disputed issues to be agreed.

Kind regards,

Colin and Nick
