Dear All

I have attempted to pull out some text from the grant agreement that we need to be mindful of given the current contractual position with BB.

The document highlights clauses from the grant agreement schedule which are areas of concern. I've highlighted my comments in yellow.

In particular the clauses 13.5 and 13.8 highlight that the Council could potentially have to repay the grant in the event of default. Default could be construed as the Council threatening to cancel the project.

Please let me know if there is anything additional you require.

Regards
Alan
