Sorry I couldn't stay until the end of the meeting & catch the 3 examples of poor responses from BSC. From my cursory review to date the responses are not just deficient technically: some just don't address the question asked at all or aren't clear in their meaning. This has been familiar SDS behaviour in relation to CEC Roads technical approval comments.

Clearly this is an area where the Engineering team is in the lead but I am happy to help out on my return and need to help sort out any claimed design change put forward by SDS or BSC.

Gavin
FYI

Initial impression of BSC's response is it is Lazy and unhelpful Kindest regards Lindsay

Lindsay

Can you have a look at these - Sinead also has them.

I would like to send a response back to BSC next week after I am back from Eastbourne
