Subject: RE: BBS and SDS Design

Duncan, the information you want is embedded in the Infraco proposal. Steven will take you through this at 7.30am tomorrow at Citypoint if you can do it. As I think we discussed today, the liability would sit with BBS / SDS in relation to any redesign.

Regards
Graeme

Subject: BBS and SDS Design

Further to the recent email from Alan Coyle regarding Contract Close I can advise that the Council requires a statement that confirms the elements of the SDS designs that are being re-designed by BBS, if any. The working assumption to date has been that all of the SDS designs are to adopted by BBS.
