Alasdair

Have the commercial issues been discussed ?

Also, what is the latest with the mudfa/infraco programme - overlap or not ?

Regards
Sharon

Subject: MUDFA - Lessons Learned

Andie

At the CARP evaluation stage, you asked for feedback on MUDFA. Would it be worth setting up a short meeting sometime soon to discuss the tendering process, CARP and evaluation process to inform what we are doing on Infraco ?

I also attach an e-mail from Stewart McGarrity on the commercial issues associated with MUDFA - you will recognise this paper. I think that this document merits some further discussion prior to the CEC decision being announced in late September. For example, our strategy on the programme and one longstop date from which liquidated damages apply may no longer be appropriate.

Please let me know what you think and if a short meeting would be useful. I appreciate that everyone is busy with meetings.

Regards
Sharon
