Do you have the UDR number for the most up-to-date version of the ITT?

Anita

Forgot to send this onto you - text needs to be slotted into the ITT document.

I would appreciate if you could incorporate this text and the other ITT e-mails into the document today when you have a chance - we will be discussing this at tomorrow's meeting.

Thanks
Sharon

Gerry

Thanks very much for the pricing schedules. I think that it would be very useful to test how particular items from the scope would be priced. For example, third party agreements, surveys, design associated with accommodation works etc. I think that there are a number

of items which we know need to be done by the SDS Provider but which cannot be priced or will be very difficult to price. I note that you are still to review the scope.

I shall give you a quick call to catch up on the other outstanding items.

Regards
Sharon

Sharon,

Thanks for the e-mail - list similar to my own.

Looking at outstanding actions

5. Pricing Schedules attached. May be required to be updated within the "SDS Management" section to allow for Co-location and Insurance pricing. I have also to visit the SDS scope narrative to ensure linkage to the schedule 9point 8) Sector information added together with 3 separate Tender Summaries.
6. Agreed. Working on this afternoon.
9. Guidance required internally from tie. May be covered by narrative linking schedules with scope.
14. As per point 5 comment. David and I are looking at the words to insert.
15. Site Investigation information requested. I will discuss with Tom.

If you would like to discuss, please call.

Gerry.
