Folks

Ahead of Thursday's meeting, Ian Barlex has agreed that it might be helpful to circulate a copy of his report to me following his series of meetings with key representatives over the past few months. I appreciate that this may already be known but thought that it would be useful as an aide to the meeting and the agenda to have it available.

I shall be in Edinburgh all day tomorrow so if anyone wants to discuss anything please use my mobile or send me an email - I'll pick it up on my blackberry

John

It would be absolutely fine for Graeme to join us on Thursday.

See you then.

Bill

We have arranged to meet with Neil and Ian Barlex on Thursday morning at 10,30AM. Since then Graeme Bissett at tie has spoken with myself and Ian and has asked if it would be ok to join the meeting. You are probably aware of this following this morning's TEL Board meeting but for the record, I'm ok with this suggestion – I think we should take all opportunity to progress the more difficult issues that remain – especially if they can be done on a less formal basis than through the TEL Board.

I have attached a rough draft of an agenda for the meeting – it might also be useful to have a record of the meeting – if so I can arrange for this

Also my apologies but I don't appear to have a current email address for Neil – would it be possible to forward this to him to ensure he is happy with the above.

Thanks <<TEL Business Plan Meeting.doc>>
