Dear All

Further to my previous e.mail of Tuesday 15th Jan, I attach a revised document from CEC outlining what they expect to see to be able to approve financial close.

To try and clarify what is required, I have identified where **tie** is already producing documentation and identified the **tie** deliverer.

Can you please ensure that you review this and make sure that any documentation you are producing addresses the requirements of CEC.

I have already spoken to some of you on this to clarify and will try and catch everyone else today/tomorrow.

Julie is setting up files so that we can create a complete set of all documents that CEC want to see. Can you please send all completed documents to Julie, copied to Graeme Bissett and myself please?

Susan
