Malcolm,

There is a problem with scope of services and I have been trying to resolve. I have not been deliberately awkward here and I would be happy to meet up and discuss the issues. There may be a meeting on 6 September which may relate to this but I am not certain.

In short I could not continue to employ somebody to tackle such issues when we were not going to get paid for his time. We have not received any payment for utilities works or any explanation why for months despite meetings and letters.

I am a little confused by your e mail in that I though that you work for tie? If I am mistaken then I apologise.

I have done a lot of work and I am not refusing to continue to do so but I need to understand the tie contractual position. I am sure that you understand.

Regards,

Jason

I cannot comment on Keith, he was here for a specific period to assist speed matters up, this does not mean that TQ'S/RFI's do not need to be closed off

If this constitutes some problem with SDS duties/scope of services/finances then please resolve with Tie but these task must be closed off in Section 1A including Clancy's elements

Additionally Baltic street design is also subject to a lack of resource, again I do not know why this is if there is a problem with SDS duties/scope of services/finances then please resolve with Tie but these tasks must also be closed off

Your assistance in bringing matters to a close would be appreciated

Malcolm,

I had understood that tie no longer wanted the services of PB to tackle TQs on section 1A. As you know, Keith Allison has now left the project because tie no longer wanted to support his role full time and PB had nothing for him to do on the days when he was not working on the utilities contract. I made the mistake actually of thinking that he was being recruited by tie.

Regards

Jason

Please respond on a date

I cannot have these tasks continuing with no defined end date this is simply unacceptable

I appreciate there may other reasons and pressures on you but you will have to be clearer in your explanation as to why these matters are not being addressed. I am sure you will also appreciate that as I understand it these are agreed SDS tasks

If you can please give Kirsty a few dates so we can move on

Malcolm

Kirsty

As discussed with Malcolm I currently carrying out work on other higher priority items. Unfortunately I have not moved forward any of the TQ's since I discussed with Malcolm last week and will not have chance before tomorrow so I see little point in attending a meeting.
