In light of the Willie G email to Bill Reeve, I think Bill needs to be aware of just how poor the substantiation is for what is nearly £80m of public funding potentially in advance of need. The results of the spending review are imminent but all indications are that £120m cannot be breached next year - so no roll over.

Hi Scott

Here is the email from Rebecca. It is not acceptable - how can we go to IDM with this? Nadia suggested that you could perhaps ring Rebecca to stress the urgency of this and also that we flag up to Bill that this is the kind of detail that is being submitted?

I would welcome your advice/thoughts.

Lorna

This email has been received from an external party and has been swept for the presence of computer viruses.

Tie has supplied me with the following detail relating to the £80m requirement. Figures and more detail are needed and I will forward it as soon as I receive it.

Contract Mobilisation (Construction and Vehicle) and Start up,

Physical Advanced Works,

Detailed Design Progression, and

Advanced Purchase of High Inflation Materials (e.g. Steel).

Please let me know if you need anything more in the meantime.

Kind regards,

Rebecca
