Just spoken to Richard. He doesn't know about meeting. Cab Sec's office forwarded me this letter. Essentially it's BSC laying it on the line that they are confident of their contractual position and warning Council that tie may not be acting in client's best interest. It is a well presented and lucid argument and probably written by their lawyers. Whether they seriously expect the Council to act on this or not is open to question but it may be aimed at trying to delay decision and get Council to force tie to go to mediation on Project Carlisle.

We will see how the meeting goes

Ainslie
