Caroline

Can you please provide me with a copy of the construction regulations which forbid promotional messages etc on the signage you are suggesting

I would be very interested to see this.

Can you also confirm why each business will have to bear the cost of this signage themselves bearing in mind the disruption and downturn in sales

which they have already suffered with ABSOLUTELY NO COMPENSATION.

You have said that you are working on a list of suppliers who may provide preferential rates. Can you advise on who you have in mind at the moment and where they are based.

Why are the banners being erected free of charge, surely if you made a charge for this it would be another opportunity to inflict more misery on those who are suffering or did somebody miss this one.

I look forward to your early reply
