Subject: Items for Mediation Exhibits

Legally Privileged and FOI(S)A Exempt

Robert

As discussed by telephone earlier, please find attached a list of key areas where any specific vignettes visible to Acutus through your work on RTNs or INTC 429/536 regarding the core issues raised in our mediation statement would be very helpful.

Key topic areas

1. Extension of Time and associated loss and expense relating to MUDFA works (INTC 429 & INTC 536)
2. Cessation works associated with the 99 INTCs mentioned in Infracore letter KDR6860 of 29 September
3. Obligations in relation to Programme Clause 60 etc. (all constituent parts; updating Rev1; incorporating progress etc.
4. Infracore Default:
 - a. On Street Trackform Design and integration
 - b. Princes Street works
 - c. Failure to progress
 - d. Structures in Section 5A, including necessary construction phase plan and monitoring with NR and approvals from NR
 - e. Failure to produce Estimates and incomplete nature of Estimates
 - f. Gogarburn Retaining Wall design and approvals including those from EAL, particularly in relation to flood modelling
5. Any other "good example" you feel you have uncovered as you have worked through the RTN study.

Look forward to a call tomorrow morning.

Regards

Steven
