Colin

I have considered briefly. My questions are is Tie aware of issues and have resolutions been agreed. Time is of the essence. There are significant issues at present and Tie have briefed Directors and Tom this morning. However Tie wish to be in a position to close with immediate effect if and when resolution is agreed. Any outstanding matters must be resolved with Tie very quickly.

Gill,

Please find attached report prepared by the B Team prior to the hiccup on price. This paper may fall to be reviewed once further details of BBS' changed position becomes known.
