**Subject:** Letter of Instruction

Dear Carol,

Further to our exchange of e-mails on Friday, please find attached the draft letter of instruction to Nichols Dennys. Despite its length this is still a relatively high level document but I hope it gives him sufficient back ground to allow him to commence his preparation and correctly identifies the questions upon which we wish his opinion. I would make the following comments:

1. As you can see we have not inserted the formal references for each of the documents because we are pulling the papers together just now but will obviously insert them in due course.
2. I have identified the advisers for tie and Infraco in the text. I note that there have been a number of references to McGrigors in the correspondence from DLA and I would be grateful if you could clarify their role.

Otherwise I look forward to receiving any comments you may have.

Kind regards

David
