**Subject:** Audit Scotland - MUDFA review

John/Tom,

Just to confirm that due to workloads at MUDFA this week we have now rearranged Tom's visit to MUDFA to next **Monday 21<sup>st</sup> July at 8:30am down in Leith** and will last 1-2 hours. The principal areas to be examined as I understand it are:

- Process for valuation / Certification / Payment process in the context of the MUDFA contractual provisions and direct arrangements with utility companies
- Estimation of final costs and adequacy of risk allowances for utility diversions esp in the context of slippage in the MUDFA programme

Tom – if you meet me here at **tie's** Citypoint offices at **8am** we can travel down to Leith together as previously planned.

Regards,

Stewart

Stewart McGarrity  
Finance Director  
**tie** Limited
