Sharon,

I've done my best to address your comments in the attached document. I'd get feedback from Ian B as you have asked. Some of these issued require consideration by the commercial team in light of market practice/benchmarking and in the context of the potential financial consequences of a MUDFA failure on the costs of Infraco.

Further to a recent discussion with Phil and Stewart, please find attached a short paper relating to the key commercial issues in the MUDFA. Given that both CARP Candidates have commented on a number of these issues, we need to confirm and discuss **tie's** requirements in relation to these issues. At the time of drafting the MUDFA we took instructions from Ian Kendall and Gerry Henderson. The **tie** management position on some of these issues may have changed notwithstanding the position being taken by the CARP Candidates.

Can we review the attached paper on Monday? As Stewart is on holiday as at the end of this week, please could Stewart and Ian come back with comments by Friday?

In the meantime, please call if you would like to discuss.

Kind regards

Sharon
