

Subject: Final Account Meeting/Discussion

Allan

I have left a message on your answer service to arrange to meet/discuss a final account for MUDFA and also regarding staff/supervision costs incurred by SGN.

We are currently working through a commercial process with Carillion in order to establish/agree a final account for the works they have undertaken. One of the issues which has been raised by the other utilities is the additional/prolonged supervision/staff/overhead costs incurred by the individual SUC's as a result of Carillion's own actions ie poor quality/resolution of quality issues/re-inspections, failure of tests, cleaning/swabbing ducts/mains etc. We have advised Carillion that these costs have been incurred by SUC's and have requested from each of the affected SUC's an initial high level assessment of the SUC costs incurred as a result of Carillion's actions to allow us to quantify the potential associated costs and action accordingly. Please can you provide an initial high level assessment of the SGN costs incurred, if any. A one line e-mail confirming your high level assessment of any additional costs incurred as a result of Carillion quality/specification/testing issues would suffice in the first instance.

Please give me a call to discuss the above and to arrange to meet re a final account.

Thanks

John
