Subject: Critical Issues
Attachments: Report on Critical Issues raised by BBS.doc

Gentlemen attached for your review is a copy of the document we supplied to BBS advising on the status of 'critical issues' they had identified. Can I ask that you review those items marked as being sourced from you and update the position please. We will be meeting with BBS tomorrow night at 5pm and I would be most grateful if you could respond with your update before then if possible.

Many thanks

Jim
