We will dial in to discuss the insurance related items at 11.

Re your comments below, the insurance related updates are as follows:

I have briefly considered the paper Willie gave to Andrew and I today re summary of Insurance. Can you advise pl who has prepared this. Tracey Kinloch (tie insurance manager, in conjunction with HLG) Cec are listed as a party at ix Correct
Cec are not a party for delay in start up, what impact will this have for a change during this period. CEC have now been added as party to DSU
I have assumed Cec are a party for sections 1 and 2 Correct
At section 2 is the ref to JCT 21.2.1 limit 50M appropriate`Yes but we are testing further availability
At page 5 are the exclusions, will this cover the types of third party claims which will not now be borne by BBS ie can they all be considered as examples in so far as a third party claim is possible These are not normally insurable items. I will progress with Geoff and Andrew this morning
Do you know if claims relating to industrial action by BBS will be covered elsewhere Clause 65 gives BBS relief in certain circumstances. Industrial action in not normally insurable but physical damage or direct consequences from that would be covered by OCIP.

It would be good if these could be considered by HL on a call or otherwise.

It would also be very helpful to us if you could advise how and to what extent condns 78 and 79 will change to allow us to consider before we meet Tuesday Will close out with Andrew later today

This is one for tie to answer. I have no knowledge of the source of this paper which Gill refers to. Think it is a HL summary.
