Quite happy to replace the words " *subject to 2 below* " with " *subject to the provision of the letter from BBS to tie mentioned in 3 below*" - which is what did allow the release of the notification letters.

As far as para 3 is concerned, I believe that it accurately reflects events (and their sequence) during the period 17 -20th March and our knowledge and involvement in that process up to the evening of March 19th. I do not believe that there is anything that detracts from the thrust of the commentary.

kind regards

Joanne

Thank you. I have just compared this to the letter which Andrew copied to all at our meeting on 18 March and note there are some minor changes from the terms provided there which prompted the award notice. For completeness, can these minor adjustments be removed and revert to the text as provided and agreed on the 18th please.

First point is the qualification at the end of 1, "subject to 2 below" which has been added and I would ask for this to be removed please to delete a potential qualification which was not there previously and to be replaced with the words present on 18 March of "today". This provided a positive reflection for readiness of Notice. I would also ask for the minor word adjustments now inserted at 3 to also be removed apart from the updated position of the last words to this clause.

I look forward to receiving this as soon as possible please.

Many thanks

Gill
