Subject: SDS direct agreement with tie
Attachments: Direct agreement scope.doc

Importance: High

Steven
Geoff

I attach a simple statement of the scope that would fall under the direct agreement between SDS and tie.

Essentially it boils down to completing MUDFA designs & ad hoc design for tie.

I have drawn on the original contract scope for utilities supplemented by the wording of the claim settlement legal agreement

For ad hoc design I have excluded anything that is part of the existing SDS contract to avoid any conflict of interest between tie and BBS over work carried out by PB. It does, however, allow tie to ask PB to carry out development work that doesn't exceed EU limits.

To keep to the close programme we would need to agree this today to discuss at the SDS novation meeting tomorrow. **Can you please confirm you are happy with this or suggest amendments by 1600 today.**
