Nick

I refer to our discussion today. I would confirm that the Depute Council Solicitor and I have agreed jointly to handle the Division's FOI involvement with effect from 27 February thus freeing you up for other duties.

Please pass the FOI files to Ysella for storage/retention. Appropriate notice of the change will be given to the Director and his Business Manager.

Colin has been asked to make early contact with you to outline the detail of the legal work involved in the Tram Project. I understand that the profile of the project and the complexity of the work involved requires the attaching to the team of a senior solicitor with an exposure to commercial issues. I trust that the work proves to be both interesting and worthwhile.

At the present time I am unaware of whether you will be required to move location within the office. This issue should also be addressed with Colin.

Hi Gill

Robert has confirmed that he thought Nick was fully engaged on Trams and since this arrangement was put in place he has not been allocating any commercial work to him.
