Andy

The DLA letters should simply be referred to for their terms and re circulated. They detail legally a range of commercial risks/caveats. This will now be amended/supplemented due to recent changing position due to additional price, recent issues re CAF novation, recent issues re security package not being available at close and to be part of suspensive conditions and an updated opinion on procurement. I advised Tom and Donald of recent issues at a brief meeting today.

Dear all,

Please find attached the draft IPG report for the meeting on Wednesday 14th.

**Alan** – we'll need to finalise Appendix 3 – 'tie's deliverables for contract award' and highlight any major items still outstanding.

**Gill** – can you give me a position statement on the DLA letter and Close report?

If you have any comments, please email them to me by close of play today please? Thanks.

Regards

Andy Conway
