Importance: High

Jim,

The MUDFA team have been asking SDS to provide excel versions of IFC schedules they have provided in pdf format. We first asked for this many months ago and, after many requests, Damian has managed to get them to agree to provide them. You will see below that Alan Dolan was planning to have them with us 3 weeks ago. We are still waiting for them. I have now been told by Tom Kelly that SDS do not have the resources to provide them and he does not know when they can deliver.

The MUDFA team need the schedules to record completions against the IFC list of diversions.

I understand that you are meeting SDS tomorrow morning. We would appreciate any help you could give to getting these for us.

Regards

Allan

Alan,

Further to your discussions with Damian, In terms of priority, we need all the schedules that we have only received in pdf format in excel. I have reviewed what we have received and my initial estimate is that we do not have the following schedules in excel:

1C Plates 39 to 41 Schedules 60 to 62 and 64 to 67
2A Plates 1 to 3 Schedules 3 to 9
5A Schedule 10
5B Schedules 9, 15, 16, 18, 19, 20, 23
5C Schedules 26 to 33
6A Schedules 1 to 4
All sewer schedules.

IC to 6A is needed urgently, the sewer schedules can follow.

I trust this helps.

Regards

Allan
