Dear Willie,

Thank you for the status information below.

I can rest assure you that both Siemens and BB are working towards set targets.

Nevertheless I have scheduled a review meeting with our team by the end of next week, in order to get a detailed overview of the current progress / negotiation status.

Once I went through said review meeting I would like to come back to you and compare my findings with your impressions.

I have copied this mail to Stefan Hofsaess as I am confident that he is 'on' his team and supporting the process in the same manner.

I hope the above will find your acceptance and look forward talking to you after my review.,

Kind regards, Joachim Enenkel

Dear Stefan and Joachim

Following on from the letter I sent to you to ask you to assist me in achieving the close-out for the programme by no later than 12th March, it would be politically embarrassing not to have the contracts signed before the next full Council meeting which takes place on 13th March.

I met with the Negotiating Team yesterday and have to say I still remain concerned about the level of energy and level of urgency for whatever reason to conclude the deal.

I will do everything I can to facilitate the process and I would like you to take a personal interest to do likewise.

With kind regards,

Willie Gallagher
