Please update the attached with current progress on actions and any new actions and to aid you I will make the necessary changes in ARM. I look forward to hearing from you asap by cob Monday. Details as follows:-

Trudi - Actions for Risk 279, Actions for Risk 271, we must also discuss the splitting of summary risks into detail risks

Stewart - Actions for Risk 283

Susan - Actions for Risk 284, Actions for Risk 139/164, Action for Risk 349 that Phil has assigned to Jim Johnson(?)

**Did you know .....** Princes Street and other shopping streets will be reborn as trams help to transform our city by creating a more pleasant shopping environment and new opportunities for shopping...on an average Saturday in Strasbourg, the number of shoppers in the city centre rose from 88,000 to 163,000 after the opening of the two tram lines.
