Jim,

Further to our brief meeting today, I enclose the latest draft of the Council report received from Finance. As you will appreciate the drafting is ongoing, but please note this draft is from 6 December. I am working on governance comments today to update this version.

I also draw to your attention that there is another draft in circulation which has been revised by **tie** !

I understand that you will be discussing the draft report tomorrow with the Chief Executive and relevant directors, when a decision will be taken as to whether any version of the report can properly go to Council on 20th December. Can you please keep me advised.

Regards,

Colin MacKenzie
for Council Solicitor

Colin

See attached revision of the draft council report. I believe you are firming up on the governance section with Graeme, can I have any amendments you have to this section at your earliest convenience.

Regards, Alan
