Colin,

Following a meeting yesterday which discussed the main points of MOV4 with Sue, Vic, Alastair, Donald and Richard, we (Alan Coyle, Dennis and I) have been asked to meet with you as soon as possible (preferably Tuesday morning 26 April) to enable a common understanding of the elements and supporting information that make up Hg Certificate 1.

To that end, it would be very helpful to have a copy of Certificate 1 for review in advance of Tuesday to focus the discussion on areas not yet understood. Could you arrange that with your office?

Sue and Vic have a planned call with Dr Keysberg on Tuesday pm to try and close out any outstanding matters with CAF and any payment / timing / final adjustment issues associated with MOV4.

It would be very beneficial to close this out on Tuesday morning, along with concluding the proposed Certifier Agreement etc. which I believe McGrigors and CEC have been working on over the last day or two.

I have asked Julie Thompson to make the necessary meeting arrangements and she will send out meeting invitations.

Regards

Steven
