Thanks Alastair, I do understand your position. Would it help at all if we merely reviewed the paper copy minutes in your offices and were then provided with the relevant ones? We could do that this week. In essence we are looking for details of the IDR/IDC process followed by the Infraco (and any actions arising) in respect of the integration of the on-street trackform (particularly the intergration of the Siemens design with the SDS civils element).

Perhaps you can let me know if the above would be possible.

Kind regards

Robert

Tony,

For reasons stated before, we cannot turn over wholesale minutes, please recognise we are trying to provide Robert with what he needs without compromising this position.

I suggest Robert finds a way to be more specific than 'track', for example on-street or trackform or something else, otherwise we will continue not to make any progress on this.

Regards,

Alastair

Hey,

The answer lies right below - in the originating email at the very very bottom of this chain.

Cheers,

Tony

Tony

Can you help please and let Sinead know exactly what we are looking for and she will look out the information for Acutus.

Thanks

Susan

Susan,

As mentioned in my email on Friday the email chain below has the latest exchanges on it, we just need Tony or whomever to let us know what they want us to search out.

Regards,

Alastair

Tony,

Ok noted, however if there is something specific you/Acutus want us to look out for, or it would help you to know the dates of the meetings at which certain specific topics were discussed, just let us know and we can see if we can help without breaching anything with BSC.

Regards,

Alastair

Hi Alastair,

FYI.

Cheers,

Tony

Thanks Tony – for the avoidance of doubt, would you mind replying to Alastair Richards advising that he should not make contact with BSC at present.

Many thanks

Robert

Thanks Tony. We will review the reply below and get back to you. In the meantime (as noted in my other email of earlier today) it is important that we do not ask Infraco for this information or any other related data – we should only search tie's records at present.

Regards

Robert

Tony,

We need to check that we would not be giving the Infraco an easy 'Operator Event' under clause 17 of the Infraco Agreement where we have certain obligations as 'Operator', for your purposes, are there any issues with us asking Ian Brazenall at BSC to confirm he is happy in writing?

Regards,

Alastair

Hi Tony

I've spoken to Alastair, in principle I don't have a problem but the email header containing the minutes states the following. As I attend the IDR/C meetings as an Edinburgh Trams Limited representative and not as a tie representative we'll need to check to see if sending you the IDC/R minutes etc is okay.

Tony – I trust you had a nice break. Regarding your email below, I was wondering if you or your colleagues have managed to locate anything regarding the Track IDC/R activity.

Perhaps you could review and let me know. We are under pressure to get a draft report out this week. As such, if you are able to reply by say tomorrow morning that would be greatly appreciated.

Regards

Robert

Hi Sinead,

I believe that you were invited to some of these. Can you send me any output from such meetings please.

Cheers,

Tony
