Thanks David

I am impressed how you have managed to reduce the claim by £37 million. Have a good holiday.

Tony

Guess what a very conciliatory call from Ed and apologies for mixing up his cellphone numbers.

Happy to see Tony on Sunday and full of praise for Jim and Tony. "BB are ready and willing to write off £37million plus to do the deal with Siemens still to contribute." No change from me except to urge positive engagement. Please use this info diplomatically or maybe not at all. This guy is under big pressure!

Regards,

David

Good Evening Gentlemen,

As discussed I have tried to call him back on [REDACTED], But all I get is voicemail.

I do not intend to try any further tonight.

My recommendation would have been that he should accept AJR's invitation for Sunday.

Roll on Portugal,

Cheers,

David
