Subject: SDS Design Assurance history
Attachments: SDS design assurance history - 1st May 2010 - V1.2.docx

Hi Susan,

Here is my reworked document.

I have separately asked Kirsty if she has the data to update the embedded DAS pack date-slide history herein. If she does she would be able swap the embedded doc for an updated one if you want.

I have copied this to David and Colin in case you need their input whilst I am away for 2 weeks.

All the best,

Tony
